The settings allow independent configuration for each of the levels in terms of credit contribution and prize limits. With Mystery Jackpot option the operator can offer up to 4 different Jackpot levels.

The CT Interactive`s Mystery Jackpot offers the players an additional chance to win which makes it very attractive for both the player and the casino, providing the operators with an excellent marketing technique in hand for a higher level of entertainment.

What are the CT Interactive`s Jackpot advantages?

- ▶ Offers attractive scale of jackpot accumulations
- ▶ Links games of CT Interactive in one jackpot accumulation
- ▶ Available for all casino sites at the end point
- ▶ Pays out at random during the play on each of the slot games in the CT Interactive category of the Slot section
- ▶ Offers different currencies

The CT Interactive`s Jackpot limits are adjustable for best results and the Jackpot could be set accordingly to specific requirements in terms of increment percentage, and bet filters.

The banner displays three jackpot levels: BRONZE, SILVER, and GOLD. Each level is represented by a bar with a corresponding metal bar icon and a value of 1234.5 BGN. The CT Interactive logo and 'JACKPOT' text are on the left.

Level	Value (BGN)
BRONZE	1234.5
SILVER	1234.5
GOLD	1234.5

Each level is hit within preset limits. The jackpot level is randomly chosen by the jackpot server with a win probability directly proportional to the bet level on the winning game.
